FORTY-SIXTH YEAR

FLANNERY SITUATION SERIOUS

Alleged Attempts Being Made to Tamper With Jury

Startling Information on Case Of Former Police Commissioner

By Associated Press. SAN RAFAEL, Cal., May 16.—Allegations concerning alleged jury tampering in the grand larceny trial of Harry P. Flannery furnished the basis of the trial.

Judge Lennon called a conference at the conclusion of the trial. William Elliott, night manager of Flannery's saloon, was grilled, and as the result of certain admission, a special session of the Marin county grand jury has been called for Thursday. It was learned that Henry V. Ganley, one of the jurors, with another, had at the cafe of Genazzi's sister. That is alleged to have entered the case and talked of the Flannery case at the hearing of the jurors. Later it was said that he asked a younger sister, according to the girl herself, to ask her brother to "go right on."

Subpoenas were issued for William Ganazzi, brother of the juror, seen in conference with Flannery on Thursday, prior to dinner. He was not present.

Joseph Abbott, a Sausalito pool room operator, whose confession was used as a basis for the indictment, was the principal witness. He said Flannery and he had discussed the "bunko game" of San Francisco under police protection.

CARRYING NEWS TO HANOVER.

LONDON, Eng., May 16.—As might be expected a number of persons have come to the front this week ready to make a solemn assertion that they are "the boatman" start for Hanover with the news of King Edward's death. As the most of the self-styled witnesses to the supernatural event, however, are sailors and longshoremen, who are commonly supposed to be more superstitious than veracious, their confirmation of the old story of the Hanover boatman may be taken for what it is worth.

COPPER MARKET.

NEW YORK, May 16.—Electrolytic 12.62½ to 12.75 Casting 12.37½ to 12.50.

SILVER.

NEW YORK, May 16.—Silver 54, Americans 44.

ROOSEVELT IS GUEST OF ENGLAND

Arrangements for Final Tribute to Late Ruler Of Britanica

Former President is Object Of Much Interest From Curious Throng

By Associated Press. OXFORD, Eng., May 16.—Mr. and Mrs. Roosevelt concluded this morning the round of formal calls. They had just returned to Dorchester house when they received a return call from King Haakon of Norway, who greeted the special ambassador and his wife as old friends.

Mrs. Roosevelt went to Buckingham Palace this afternoon to visit Queen Maud.

Roosevelt's throat still bothers him. He was examined this afternoon by Dr. St. Claire Thomson, a famous throat specialist, who attend King Edward during his last illness.

He prescribed further treatment. The Roosevelts dined quietly with the Reids, and the embassy staff and their wives, at Dorchester House, this evening. Apart from the strong interest displayed in the arrival of Roosevelt, the day was uneventful.

The crowd, mainly provincials, outside of Buckingham Palace and Marlborough House, watched the comings and goings as if the Roosevelts were royalties.

Another service will be held in the Throne Room, prior to the removal of the body tomorrow. The palace servants will be permitted to attend.

LEAD.

NEW YORK, May 16.—Lead \$4.40 to \$4.50.

MOON ECLIPSE TO BRIGHTEN COMET

By Associated Press. SAN FRANCISCO, Cal., May 16.—Prof. T. J. J. See, government astronomer, at Mart Island, calls attention to the fact that Halley's comet is best seen on May 23, from 9 to 10 p. m., when there will be a total eclipse of the moon will occur. Prior to then the comet will be seen in the western sky, due to the sun and moonlight, will reduce its tail. The professor says it will be a long time before one will see two such beautiful sights again.

RICKARD TO REFEREE

Arrangements are Completed for Bout Which Will Take Place in July.

By Associated Press. SAN FRANCISCO, Cal., May 16.—Rickard, co-promoter in the big fight, was chosen today as referee for the Jeffries-Johnson fight, at a conference in which the black champion and Berger threatened to beat each other. After the announcement was made, there was a pronounced feeling among those observing the course of events that the last word on the referee question was still to be heard.

Dr. Hyde Still Calm Takes Verdict Quietly

Father of Boy Sent to Penitentiary For Slaying Sweetheart Is Among Jurors.

By Associated Press. KANSAS CITY, Mo., May 16.—W. C. Crone was the juror who finally decided that Dr. Hyde was guilty of murder of the Swopes. He and S. R. Johnson held out for acquittal, but remembering Hyde's demeanor on the stand, they voted for conviction. "Hyde was his own worst enemy on the stand," said Crone tonight. "His own testimony convicted him."

"When Hyde bought cyanide ten years ago, he did not remember where and he damned himself as a witness."

A strange feature of Crone's action is that his son, Albert Crone, was recently sentenced to eighteen years for the murder of Bertha Bollar, his sweetheart. It is expected that Hyde will be sentenced on Saturday. He will appeal.

ROLLER LOSES WRESTLING MATCH ARIZONANS ARE NOT LOSING ANY TIME

By Associated Press. BUFFALO, N. Y., May 16.—Stanislaus Zebrynski, the Polish champion, defeated Dr. Roller of Seattle, Wash., in a finish match tonight. Roller's left shoulder was badly wrenched when the Pole slammed him to the mat for the first fall, after one hour and five minutes of wrestling. Roller returned to the ring against the advice of his seconds, as it was seen that his left arm hung helpless. When the Pole commenced work upon it, Roller's seconds threw up the sponge in less than two minutes.

MISSOURIANS TO SHOW.

SPRINGFIELD, Ill., May 16.—The attack of the National Conservation Commission, of which Claude Pinchot is president, upon Senator Stone's bill proposing to grant to W. H. Standish and his associates permission to build a dam across the St. James river, for the purpose of utilizing the water power, has aroused southwest Missourians. It is now feared that through the efforts of the commission the bill will be so amended as to make it unsatisfactory.

MEMORY IS HONORED BY WHOLE NATION

Even Half-Century Since Martyr President Lincoln Came Into The Limelight.

By Associated Press. WASHINGTON, D. C., May 16.—Fifty years ago today the Republican national convention which nominated Abraham Lincoln for President and Hannibal Hamlin for Vice President, assembled in Chicago. Though the big celebration of the semi-centennial, which it was planned to hold in Chicago, has been deferred on account of the lack of time to make the necessary arrangements, the anniversary is not to be allowed to pass wholly unobserved. The Lincoln Emancipation League of the District of Columbia has prepared a program for anniversary exercises tonight in which a number of men prominent in the public life of the nation are to take part. The Chicago convention, known to history as the "Wigwag conven-

tion," was not only the most important political convention ever held in the United States, because of the issues raised by its platform, but it also set the pace in numerous regards for all the national conventions since. Prior to 1860 the conventions had been comparatively tame. They had been in the nature of semi-private assemblies, the general public not being admitted in large numbers. The convention of 1860 was the first of the modern style of conventions. It was the first to have a special building erected for it. At that convention telegraph wires and instruments were for the first time brought into a convention building. For the first time large numbers of spectators were admitted and for the first time there was organized cheering and planned demonstrations.

SEN. STONE IS THE CHIEF ORATOR

Democratic Leader From Missouri Delivers Address

Evidently He Has Forgotten Own Record in "Show Me" State

By Associated Press. WASHINGTON, D. C., May 16.—Senator Stone of Missouri, in the Senate today, painted two pictures under the leadership of the "Insurgents," contending that a contest will come on Friday over the long and short hall. He placed the Insurgents' leaders in the positions occupied by prominent Regulars formerly. His second picture presented the receiving of the new leaders, which he said the executive will be quick to recognize, if they are at all like their "immediate predecessors."

He said they would be called in consultation by the administration, while the old-time Regulars would be left to cool their heels on the outside with the Democrats and other plain people. "There is no question," said Stone, "but that the Regulars capitulated on the fateful Friday, the 13th, when Elkins, Aldrich and others hoisted the white flag." He asserts henceforth the former Insurgents will become Regulars. Stone hoped the "fiasco" will stand as a warning to impertinent officials not to interfere with legislation. While congratulating the Insurgents, Stone is not disposed to admit that prospects for the future are better than under the old regime. He has no faith in either Republican faction. He advised all the dissatisfied that their only refuge is in the Democratic party.

WETS WINNERS IN REDONDO ELECTION

By Associated Press. REDONDO BEACH, Cal., May 16.—The "wets" won today's election by a vote of 357 to 270. The campaign has waxed exceedingly warm, and the result of today was arrived at after unceasing work on the part of leaders on both sides of the question. It seemed for a time that the "drys" had the whiphand, but the "wets" made a desperate rally and carried the day.

ILLINOIS SCANDAL

New Developments in Case Which Is Attracting Nation-Wide Attention.

By Associated Press. SPRINGFIELD, Ill., May 16.—Representative Michael Link, charged with refusing to reply to questions before the Sangamon grand jury, today answered "no" to the question at the suggestion of Judge Shirkey of the Circuit Court, to the effect that he had been offered a bribe for his vote for Senator. Subpoenas have been issued for the secretary and treasurer of the Illinois Manufacturers' association for their appearance before the local grand jury with all books and documents covering transactions of the past three years. In a magazine article Graham Taylor alleged they had a part in defeating certain legislation. Unadvised things are said—sometimes. Journal-Miner want ads will call it quickly.

FUNERAL TO BE LARGE EVENT

Much Ceremony Will Attend Interment Of Late King

All Business Will Suspend For Brief Period During The Ceremonies

By Associated Press. LONDON, Eng., May 16.—In the funeral of his late Majesty England is about to witness probably the most imposing and remarkable obsequies in the history of nations. The whole civilized world will be officially represented at the final rites over the body of King Edward, and in the imposing funeral procession through the streets of London will travel kings, princes, diplomats and soldiers.

London is already entertaining the largest gathering of royalties assembled here since the last coronation. The tax capacity of England's royal palaces and many are finding accommodations at the leading hotels. Among them are the king and queen of Belgium, the king of Portugal, the king and queen of Norway, the empress dowager of Russia, the crown prince of Denmark and Sweden and grand dukes from the four corners of Europe. For the past two days these distinguished personages have been pouring into London in a continuous stream. They were clothed chiefly in black, only here or there a military uniform of a Turkish fez affording a splash of color. Today the railway stations are draped in solemn mourning and each is thronged by high representatives of the king, all waiting for some distinguished man from some far corner of Europe. CREDIT MEN IN NEW ORLEANS.

NEW ORLEANS, La., May 16.—More than 500 delegates, representing leading wholesale houses and manufacturing firms throughout the United States, have arrived in New Orleans to attend the annual convention of the National Association of Credit Men. The sessions will begin tomorrow and continue until Saturday. In addition to transacting the routine business of the association the convention will discuss incorporation, bankruptcy laws, banking and currency legislation, fire insurance adjustment bureaus, credit co-operations and other subjects of general interest.

THE WEATHER. ARIZONA—Fair.
